The Performance Management Organization (PMO) score is a composite index of implementation quality. The PMO is built around 14 functions that effective schools have mastered. In each of the 14 areas, school personnel responses and field researcher observations were rated and compiled. Final scores were calculated as follows:

As an indicator of overall student achievement, we provide information regarding CRM students’ performance on state standardized tests in reading and math. These data are publically available from the Louisiana Department of Education. For each year of school operation, we report the percentage of students attending Crescent Leadership Academy achieving proficiency or above on Louisiana’s state tests in both reading and math.

Enrollment & Demographic Profile

Crescent Leadership Academy had stable racial demographics during the evaluation period. The percentage of students eligible for free/reduced price lunch plummeted in 2013-14 but increased well beyond previous levels in 2014-15 and 2015-16. Crescent Leadership Academy experienced an increase in Special Education students after its second year of operation in 2013-2014. Demographic data are provided for only those years during which CRM leadership was held at the CRM evaluation.

The Center for Research on Education Outcomes (CREDO) is a research center located at Stanford University. CREDO is funded by a diverse set of foundations and private individuals, including the Bill & Melinda Gates Foundation, the Walton Family Foundation, the Ford Foundation, and the Charles Stewart Mott Foundation. CREDO is an independent, non-profit, non-partisan organization dedicated to improving the quality and efficiency of education programs, policies, and practices.
